

04/10/2019 Focus Group Schedule

10:45-11:00: Arrive at Fujitsu offices: 22 Baker Street

11:00-11:15: Review participant information sheet, complete payment and consent forms

11:15-11:20: Presentation on the citizen science project – Georgia Aitkenhead

11:20-12:15: *Group discussion:* What makes this an important research project to you?

Is how sensory processing differences affect navigating environments an important question to answer?

Which groups or organisations do you hope will learn from this project?

Why should or shouldn't we use citizen science to investigate this question?

12:15-13:00: Break for lunch (refreshments provided)

13:00-13:45: *Group discussion:* Should we allow people to share stories on another's behalf?

How could consent be managed for for this process?

13:45-14:00: Coffee break

14:00-14:10: Presentation on ethical and transparent development.

14:10-14:45: *Group discussion:* How can we best make the project open and transparent?

14:45-15:00: Coffee break

15:00-15:30: *Group discussion:* How can we make the project inclusive?

Whose voices are we missing (in this room, in the community, so far)?
